DETAILED ACTION

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance: there are no prior arts teaching or suggesting of a key tracking and control system comprising: a storage unit defining an enclosed, internal space therein, the storage unit having a panel capable of being opened to access the internal space; a plurality of receptacles defined within the enclosed, internal space, the receptacles disposed for receiving a plurality of trackable keys; an access portal smaller than the panel; a plurality of trackable keys removably insertable into the receptacles via the access_portal without opening the storage unit panel wherein each trackable key is attached to a trackable RFID tag; and a central controller remotely located from the storage unit.

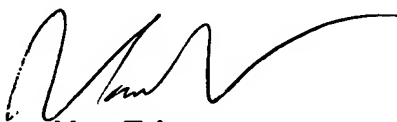

In another embodiment, an object tracking and control system comprising: a plurality of trackable objects, each trackable object having an upper portion and a lower portion; a storage unit for receiving and storing the trackable objects, the storage unit having an array of sockets individually defined within the storage unit in the same plane, each socket configured to receive the lower portion of a trackable object; the storage unit further having a local controller in electrical communication with the sockets; a central computer remotely located from the storage unit; and a wireless communications link between said local controller and said central computer.

Art Unit: 2612

In another embodiment, an object tracking and control system comprising: one or more storage units for receiving a plurality of tangible objects detached from the storage unit, each storage unit having an array of adjacent sockets fixed relative to one another, each socket disposed to receive a detached tangible object; and a controller system coupled to the Internet, wherein the controller system stores information regarding receipt of a detached object seated in a socket or complete removal of a seated, detached object from a socket and allows the object tracking and control system to be accessed remotely via the Internet.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
